### Further requirements:

The migrant must achieve knowledge in the German language in order to become a member. The Austrian organisation has no automatic recognition of migrants from other EU (European Union) and EFTA countries. Aptitude tests and adaptation

## MIGRATION INFORMATION AUSTRIA

periods will be applied individually if there is a significant difference in the physiotherapy education of the applicant and the Austrian education requirements.

The migrant has to serve special conditions in order to become a member of the Austrian organisation. According to the guiding principles in Austria, the applicant is required to take a supplementary education in lymphatic drainage (55 hours).

Please contact the Austrian Association for further details.
